May 2026 · 5 Pages · Verified Internet Research

## METHODOLOGY

Sites sourced from **PartyHouses.co.uk** (group celebration specialists), **Canopy & Stars** large-group listings, and **Wigwam Holidays** directory. All sites explicitly accommodate **10+ guests** and are marketed for **group celebrations, weddings, or corporate retreats** — indicating noise tolerance. Prices are **2026 estimates** based on 3-night weekend stays in peak season (August). Per-person costs assume full occupancy of the quoted units. Drive times from Brighton are approximate.

### △ WHAT TO AVOID

Most standard campsites and family glamping sites enforce **10pm–11pm quiet hours** and will eject rowdy groups. Sites like **Secret Meadows** (Suffolk) and **Feather Down Farms** explicitly restrict adult groups during school holidays. The options below are specifically chosen because they **welcome** group noise.

Same 10 people, 3-night stay, August 2026:

OPTION	PER PERSON / 3 NIGHTS	PROS	CONS
<b>Glamping (group site)</b>	<b>£105–285</b>	Campfires, outdoor space, unique experience, group bonding, no hotel rules	Weather dependent, shared bathrooms on some sites, longer drive from Brighton
<b>Budget Hotel (5 rooms)</b>	£90–165	Guaranteed comfort, en-suite, no weather risk, walk to pubs	No shared space, split across rooms, less character, no campfires
<b>Airbnb House (10 beds)</b>	£150–560	Shared house, kitchen, garden, house-party vibe	Highest cost, clean-up required, limited supply for 10, neighbour complaints risk

**Bottom line:** Glamping group sites are mid-range on price but offer the **best group experience** — campfires, outdoor space, and no hotel etiquette. The trade-off is weather and drive time.
